With the increase in the incidence of infertility around the globe,

there is a huge dearth of infertility specialists thus making it one of the highly sought after career option for gynaecologists.

Due to the high percentage of people who are experiencing infertility issues, it is expected that infertility is a field that is going to continue to see career growth in the future.

The skills involved in the treatment of infertility are complex delicate, and require adequate hands-on practice.

The know-how of an expert infertility specialist is crucial for the success of IVF treatments and the proficiency of an infertility specialist contributes a great deal for the success of infertility treatment.

“
THUS THE “CERTIFICATE PROGRAM IN INFERTILITY & REPRODUCTIVE MEDICINE”
BY SRI SIDDHARTHA MEDICAL COLLEGE & HOSPITAL IS DESIGNED KEEPING IN MIND THE SUBJECT SPECIFIC ACADEMIC NEEDS AND INDUSTRY REQUIREMENTS, WITH THE HELP OF SUBJECT EXPERTS.
”

This course is for clinicians with an interest in infertility and who wish to improve their understanding of the principles and practices of Assisted Reproductive Technology.

The course will provide an understanding of the complex issues surrounding infertility treatments and the techniques to perform procedures.

To make this course more holistic, stress is also given to the existing guidelines, regulations and protocols that enable the candidates to perform ethically as well as accurately.
